Special statement:

The pictures of this product may be slightly different from the real ones. Please refer to the real ones.

Installation steps

1. Align the left and right brackets to the screw holes on both sides of the body. Tighten the nuts separately.

Trolleys, walkers

Toy car

2. Insert the left and right brackets into the corresponding screw holes at the bottom of the body respectively. Tighten two nuts separately.

3. Tighten the back end screw of the bracket counterclockwise and fasten it to prevent the bracket from spreading.

4. Pull the button next to the wheel to handle the lock wheel.

Battery Installation

1. In order to achieve the best performance, new alkaline batteries are recommended.
2. Confirm that the product is shut down;
3. Open the battery box cover on the back of the car body and load the product into 2 sections 1.5VAA non-rechargeable batteries (to be purchased separately);
4. Cover the battery box cover and tighten the screw.

WARNING

1. The packaging part is not a toy. Please don't let infants play with it in order to avoid danger.
2. In order to ensure the safety of children, the assembly process of this product needs to be handed over to adults. It is not suitable for children to assemble this product. Only after all installations are completed, can this product be handed over to the children.
3. This product contains electronic components to avoid water intake or long-term use or placement in humid environment. When cleaning, please wipe the surface stains with a clean cloth.
4. Do not let children play with disintegrated, damaged and deformed toys, in order to avoid accidents of accidental swallowing and suffocation.
5. Do not touch hard objects or attempt to disassemble products;
6. Avoid direct sunlight and keep away from fire and any heat sources.
7. This product must be used under the direct supervision of adults.
8. Packing contains important information, please keep it.
9. Discarding the toy at will may have an impact on the environment. Please recycle it properly according to the requirements of environmental protection.
