# Before You Start

- ⚠ Please read all instructions carefully.
- ⚠ Retain instructions for future reference.
- ⚠ Separate and count all parts and hardware.
- ⚠ Read through each step carefully and follow the proper order.
- ⚠ We recommend that, where possible, all items are assembled near to the area in which they will be placed in use, to avoid moving the product unnecessarily once assembled.
- ⚠ Always place the product on a flat, steady and stable surface.
- ⚠ Keep all small parts and packaging materials for this product away from babies and children as they potentially pose a serious choking hazard.

Dear Customers:

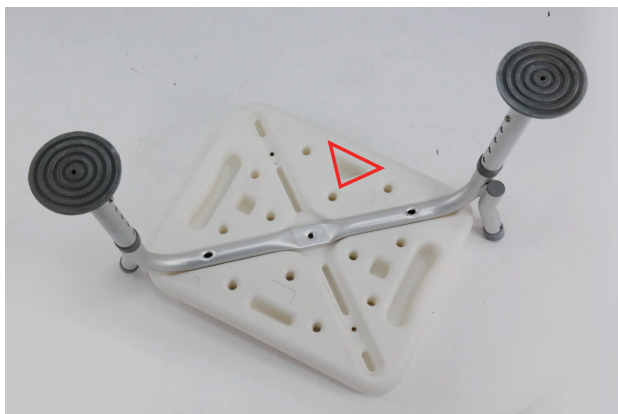

- Thank you for using our shower chair.
- Before using it, please read the instruction manual carefully and use it correctly.
- Keep this manual in a safe place for future reference.

**Step 1:** Open the package and take out the products.

**Step 2:** Place seat face down on a table or counter with the seat lip near the edge of the table. Please note that there is a triangle. The triangle should be toward up.

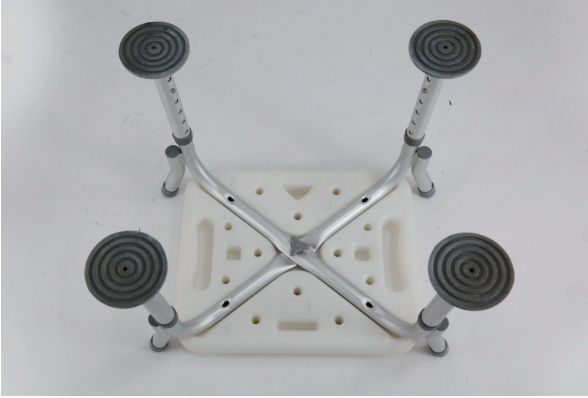

Align the leg frame that has the concave area on the underside with the screw holes on the seat.

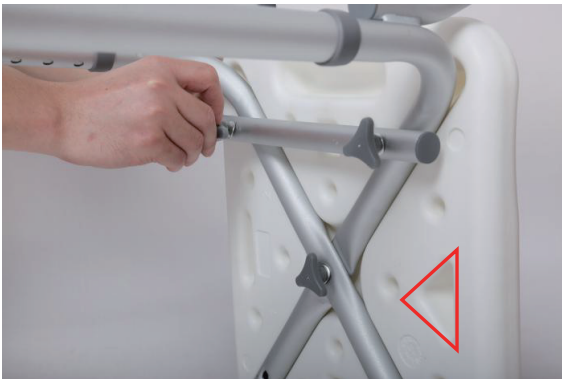

**Step 3:** Then align the next leg frame that has the concave area on the top side with the

last two screw holes on the seat.

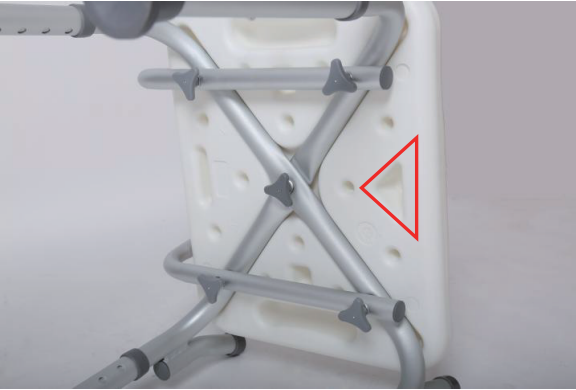

Hold both legs in the middle with one hand and align the center hole where the concave sections are. With other hand, fasten one **SHORT** hand knob screw making sure the washer goes on first so it's resting in the screw hole pocket.

**Step 4:** Align one L-shape back seat frame to the two screw holes on the seat. Fasten together using 2 washers and 2 **LONG** hand knob screws.

**Step 5:** Repeat step 4 for another L-shape back seat frame.

**Step 6:** Attach the back support to both L-shape frames and fasten with 4 washers and 4 **SHORT** hand knob screws.

**Step 7:** Attach each armrest to each side where you see the round metal sleeves on the frame legs. The armrests should be at an angle pointing away from the chair. Make sure to hear an audible snap when securing the armrests.

**Step 8:** Attach the shower hanger on the one side of the round sleeves.

**Step 9:** Check for stability.

Check periodically to make sure all fixings are tight and secure. And the legs are all the same height.
