Rules for Safe Riding

●**Keep Children within safe riding areas:**

Never use in roadway, near motor vehicles, on lawn space , on or near steep inclines or steps swimming pools or other bodies of water;

●Use the toy only on flat surfaces. Such as inside your house, garden or playground

●Never use in the dark . A child could encounter unexpected obstacles and have an accident. Operate the vehicles only in the daytime or well-lit area.

●It is prohibited to change the circuit or add other electric parts.

●Inspect wires and connections of the vehicle periodically

●Do not let any child touch the wheels or be near them when the car is moving.

15. Maintenance of protector

Protector

This product is equipped with self-reset protector, when overloaded or improper use, self-reset protector will automatically cut off the power supply for 15-20 seconds, and then restart. The self reset protector of the car is installed under the seat.

TO avoid losing power, follow these guidelines:

- Do not overload the vehicle, maximum 66 LBS..
- Do not tow anything behind the Vehicle.
- Do not immerse water or other liquids in electrical components, such as wiring, batteries, etc
- Do not tamper with the electric system. replacement must be conducted by professionals or under the guidance of technicians.

BATTERY REPLACEMENT AND DISPOSAL

- Check the charger's wires, plugs, housing and other components before use. Stop using the charger when damage is found until it is repaired.
 - After a period of time, lubricate the parts of the vehicle with a small amount of lubricating oil to prevent wear and rust.
 - Vehicles should be placed far away from fire sources and avoid long-term illumination. Keep it flat and facing upwards, not upside down or tilted; in wet weather, parked indoors or covered with waterproof cloth.
 - Vehicles should be kept away from hot objects such as stoves and heaters. Plastic parts may melt. When charging, keep away from inflammable materials to prevent fire.
 - After use, please charge in time, charging must be adult operation. If you don't have to charge the battery for a long time, then charge it at least once a month to extend the battery life.
 - Wipe the vehicle with dry soft cloth. Non-waxy furniture polishing material can also be used instead of soft cloth to wipe plastic parts to achieve surface finish effect. Do not use chemical solvents to wipe plastic parts of toys. Do not use soap and water to clean vehicles. Do not drive in rainy or snowy weather. Water can damage motors, electrical systems and batteries.
 - When you stop using or placing the product, please cut off the power supply of the product and dial all switches to the stop or close position.
 - Please do not use fuse that is not in conformity with the specifications of this product.
- Do not alter the structure and circuit system of the product without authorization. Maintenance work must be carried out under the guidance of professional or technical personnel.
