- ⊙ Always place the product on a flat, steady and stable surface.
- ⊙ Caution: Read the warnings carefully. Avoid kids get touch of small parts or plastic bag.

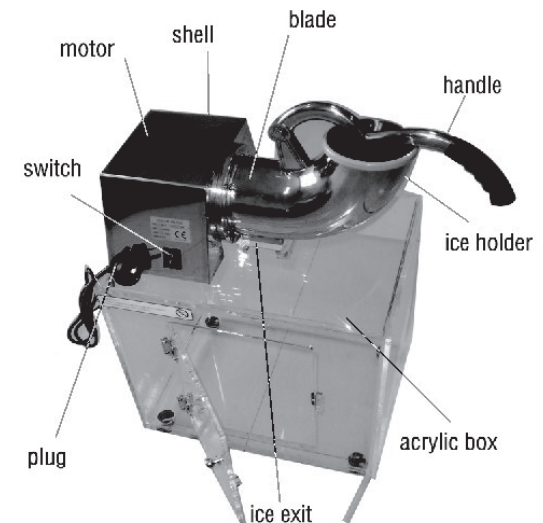

Brief Introduction

The stainless & acrylic snow cone machine is mainly used for crushing big ice into small ice, usually applied to cold drinks series, also applied to slicing up popular foods(fruits and vegetables). This product is made from full stainless steel ice crusher and acrylic box, which is antirust, safe and environmentally friendly and so on. It adopts vacuous double layer stainless technique, which won't waste the cold energy. The acrylic box helps to keep the ice cold, health and hygiene.

1. Main parameter:

Model	KC41088
Dimension	1.6" × 1.2" × 2.1"
Heating power	200W
Voltage	110V
Frequency	60Hz
Speed	1400 R/M

2. Structure of machine

3. Preparation
