IN A BATH OR SHOWER

MADE IN CHINA

USE MANUAL FOR PORTABLE SAUNA

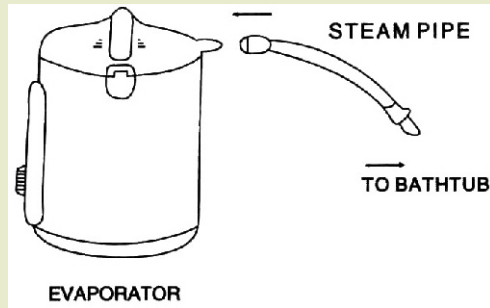

BA7175

Please Read Manual Carefully Before Operation

Directions for use:

1. Assemble the frame according to the diagrams attached, then place the cover over the frame, Connect steam pipe to the evaporator.

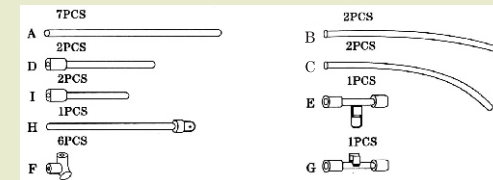

2. Fill the evaporator compartment with tap water up to the indicated maximum water level. You could add a few drops of aromatherapy at this stage.
3. Connect the evaporator's main plug into a convenient socket. Set the timer, to 30 minutes or over.
4. The evaporator will start producing sufficient steam for a sauna after about 10 minutes you can now set the timer for the length of sauna you desire. Most people choose to take a sauna for around 20-40 minutes.
5. Place a suitable non-upholstered chair inside the sauna, sit down and enjoy your treatment.
6. After use always wipe the inside of the cover with a dry cloth. Do not put away damp.

CAUTION

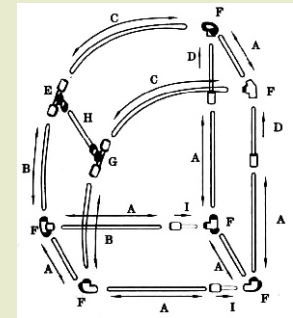

- Do not immerse the evaporator
- If you have any concerns about your health, please consult a doctor before using this sauna.
