### Before beginning

---

Check whether all parts have been delivered.  
Save the carton box for storing your tree.

NO.	PART LIST	DESCRIPTION	QTY/PCS
A		TREE TOP	1 PC
B		UPPER PART	1 PC
C		LOWER PART	1 PC
D		BASE	1 PC

## Assembly instructions

---

1 - Assemble the base (as indicated on the figure 1 ) on a stable surface, such as indicated on the cardboard packaging.

Unfold the base and insert the screw as indicated on figure 1b.

2 - Insert the trunk in the base as indicated on figure 2.

When the trunk consists of more than one part, begin by inserting into the base (Part D) the part of trunk carrying the longest branches (Part C), as successively to assemble the other parts of trunk (Part B), by ending with the smaller branches (Part A) at the top of the tree.

3 - Unfold one by one the branches beginning by the lower branches. Each branch tip must be shaped to it's proper position to give the tree a natural look. This is done by gently grasping the left and right wing tips and spreading them out away from the centre tip. During the shaping, the snow powder and leaves may drop down.

-----

4 - Make final adjustment and trimming to the tree.

The tree is now ready to be decorated. Ensure that the decorations are uniformly distributed on the tree.

## **Disassembly and storage**

---

Remove all decorations.

Disassemble the tree in reverse order of the assembly.

For a better conservation, store the tree in its carton box in a cool dry place. Do not store when humid.

## **Caution**

---

To be assembled by or under the supervision of an adult.

Keep plastic bags out of reach of young children.

Keep away from fire or hot temperatures. Do not light a candle on or near the tree. Do not leave

lighted lighting chains unattended.

Do not overload the tree with heavy and/or too numerous decorations.

Place the tree on a plane surface in order to ensure its stability.

This tree is intended for indoor use only.

Keep an eye on young children.

Keep those information for future reference.
